Re: Second Request for 1995 Annual Reports

Dear Ms. Rose:

As of this date, we have not received your annual report for the Denali Mine mine, file number S/015/038, located in Emery County, Utah. We have been unsuccessful in contacting you by phone. You previously notified us that in 1993 your claims had been dropped on your other mine sites (Rosebud and Brown Rose), but we have not received such notification on this site. Even though the claims have been dropped, the sites still have to be reclaimed if there was any disturbance made and then an inspection will have to be performed by the BLM or this office before release from the mining permit can be made. Please advise us as to the status of this site.

The Utah Mined Land Reclamation Act, Title 40-8-15, subsection (2) and Rule R647-3-116.1 of its interpretive rules, require a mine operator to file an annual report with this Division by January 31st of each year. This report is required regardless of mine activity, unless the Division grants a written waiver from the annual filing requirement, or the operator receives a formal release from continued reclamation obligations from the Division. Your failure to file this report, may constitute a violation of the Mined Land Reclamation Act, which could result in the issuance of a Notice of Noncompliance and/or a formal Notice of Agency Action.

We assume that your failure to return the completed annual report form was an oversight. Accordingly, we are once again requesting that you submit the required report to this office. Please return the enclosed annual report form no later than April 15, 1996. Please contact me or Tony Gallegos of my staff if you cannot meet this deadline or have questions or concerns in submitting the report. Thank you for your cooperation and prompt attention to this matter.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor  
Minerals Regulatory Program
